Year Established 1995

**Key Personnel** **President** Kazushige Ishii  
Director Tomohiro Tsurumi  
T&D, Power Supply Akira Matsuyama, Phonsak Ch.  
Factory Automation Chikayoshi Inoue, Nikorn Th.

Process Automation Kantaro Noami, Wirote A.

Electrical Distribution & Control Shigeru Ishii, Prapat N.,  
Eakkapoj Th.

Food & Beverage Distribution Yuji Sugimoto, Pongchet W.  
Engineering & Service Kenji Miwa, Shuji Hirotsu, Runee  
S.

---

Nature of Business

Transmission & Distribution Power Supply for Equipment  
and Turnkey Solution, Substation, Solar Farm and Data  
Center, Component Supply for Distribution and Control  
Product, Instrument and Monitoring System, Induction  
Furnace, MV and LV Drive and Inverter System, Vending  
Machine.

---

Principal

T&D

Products/Services

Gas Insulated Switch Gear, Oil Immersed Transformer, Cast  
Resin Transformer, Medium Voltage Switchboard, Low  
Voltage Switchboard

Power Supplies

Electric Power and Energy Equipment, such as Power  
Conditioning Sub-system (PCS), Uninterrupted Power  
Supply (UPS)

Electrical Distribution & Control

Distribution & Control Equipment for buildings, industries  
and OEMS such as Circuit Breaker, Magnetic Contactor,  
Switch, Relay, etc.

Factory Automation

Drive & Automation system & Components  
Low Voltage Inverter, Medium Voltage Inverter, Servo, PLC,  
Motor, etc.

Process Automation

Instrumentation solutions including Gas Analyzers,  
Transmitters, Temperature Controller, Induction Furnace

Food & Beverage Distribution

Product for Food and Beverage Distribution as Vending  
machines, Currency handling equipment, Store distribution  
and Coffee machine

## Engineering & Service

Preventive Maintenance, Installation, test & commissioning and inspection service, etc.
